Normalizing Heavy Flow and Eliminating Debilitating Leg Cramps

Tags: Heavy Flow, Period Cramps, General Health, Long-term

Duration of Use: 6 Years

Summary:

My periods were accompanied by shooting leg cramps and extremely heavy flow, especially on the third and fourth days. Since switching to Saukhyam six years ago, my cramps have reduced significantly, and my heavy flow has gradually normalized. The natural absorption properties of the banana-fiber core provide excellent protection without containing synthetic super-absorbent polymers that dehydrate and irritate intimate skin tissues.
